

## Multiple sexual assaults

I have been sexually assaulted 13 times, 6 at school and 6 at a mental health institution. 1 in public. I believe at the institution they knew about the previous sexual assaults and wanted to skew that.

Two of the sexual assaults were by another student in my year in High School. My 'friends' were all bullies and they were witnesses to the two events but are lying by saying they didnt see it. Some of these bullies claiming to be feminists but they blamed me when I told them. Another sexual assault was by a member of a rockband at school, in the dinnerhall queue he kept poking my back with his dick. A stranger in another year group also did this

i stopped going to college after my media studies teacher sexually assaulted me by leaning his dick on my backside
